DETAILED ACTION

Remarks

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 03/23/2009 has been entered.
2. This office action is in response to the amendment filed on 3/23/2009.
3. Claims 13-23 have been cancelled.
4. Claims 1 and 8 have been amended.
5. Claim 1 is now being further amended by the Examiner.
6. Claims 1-6, 8, 9, 11 and 12 remain pending and now being allowed (re-numbered as claims 1-10)

EXAMINER'S AMENDMENT

7. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Art Unit: 2192

8. Authorization for this examiner's amendment was given in a telephone interview with Thomas M. Bonacci (Reg# 63,368) on 05/28/2009 to obviate any potential 35 U.S.C. § 112 issues, and to put the claims in condition for allowance.
9. The application has been amended as follows:

IN THE CLAIMS

Please amend claim 1 as follows:

Claim 1 (Currently amended):

A method in a computing environment for intra-package delta compression, the method comprising:

receiving information corresponding to a plurality of source files;

for each of the plurality of source files, generating a list of prospective delta inputs, the list of prospective delta inputs including an entry for each other unique source file in the plurality of source files;

an iterator creating a delta for each prospective delta input within each file's list of prospective delta inputs;

based on the deltas created for each prospective delta input within each file's list of prospective delta inputs and the received source files, ~~processing the source files into a base file~~ creating a base file for a package based upon a minimal package size;

generating a file-specific delta from the base file and a source file;

calculating signatures for each of the plurality of source files;

generating a manifest file by creating a linked list of the plurality of source files, the manifest file comprising instructions needed to perform an extraction, the instructions being particularly ordered in the manifest file and the ordering of the instructions corresponding to an ordering of the linked list, and the manifest file comprising a delta section, a copy section, a verify section, and a delete section;

saving in the manifest file the file name and signatures for each source file to be verified; and

packaging the manifest file, base file and the file-specific_delta into a self-contained package.

--END OF AMENDMENT--

Allowable Subject Matter

10. Claims 1-6, 8, 9, 11 and 12 are allowed. As the Applicants pointed out under REMAKRS section, page number 8-9, the cited art (Zan, Draper and Crudele) considered both separately and in combination fails to teach or suggest the limitations about creating a base file for a package based upon a minimal package size and generating a manifest file by creating a linked list of the plurality of sour files, the manifest file comprising instructions needed to perform an extraction, the instruction

Art Unit: 2192

being particularly ordered in the manifest file and the ordering of the instruction corresponding to an ordering of the linked list and the manifest file comprising a delta section, a copy section, a verify section , and a delete section, and in as such manners as recited in the independent claims 1 and 12, thus each of the dependent claims are allowable for at least the same reasons.

11. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
